

Dear Parents,

I am pleased to provide the following exciting information about Montgomery Intermediate School. Included for your review is the Campus Report Card prepared by the Texas Education Agency, which includes the campus accountability rating for school performance from the 2009-2010 school year. This information provides comparison data for Montgomery Intermediate School, Montgomery ISD, and the state as a whole. I am proud to share our *Exemplary Campus Rating* with the phenomenal students, staff, and parents of Montgomery Intermediate School!

One of the main indicators used on a Campus Report Card is TAKS (Texas Assessment of Knowledge and Skills) scores given to third through eleventh grade students. The TAKS tests students over the Texas Essential Knowledge and Skills (TEKS), which is the required state curriculum. As per the chart below, it is clear that Montgomery Intermediate School students performed very well on the TAKS tests, with all of our scores being well above the state average. Also, we are proud to show that we received Gold Performance Acknowledgment in Science, which means that at least 25 percent of all students who took the Science test scored at or above the Commended Level!

Math	96% (53% commended performance)
Reading	96% (44% commended performance)
*Science	95% (56% commended performance)

* notes Gold Performance Acknowledgment

A more complete report about our school, the Academic Excellence Indicator System (AEIS) report, is available from your school or can be accessed online at:

At Montgomery Intermediate School we take a lot of pride in our students and our staff, and our scores prove that excellence is promoted through daily learning. As a whole, our 2009-2010 Campus Report Card is something we can all celebrate! Our students eagerly meet any challenge set before them, and because of this, I feel confident that we will continue to be successful at Montgomery Intermediate School!

Proud Principal of Montgomery Intermediate,

Jada Mullins
