MJH Students Reenact the Constitutional Convention of 1787

Mrs. Hignett's 8th grade accelerated U.S. History students recently reenacted the Constitutional Convention of 1787 for the students at Montgomery Junior High. All 171 students had been learning about the writing of the U.S. Constitution and of our Founding Forefathers. Based on this research, each student portrayed a delegate from the original 13 states. Students gave a speech and debated issues such as representation in Congress and the separation of powers.
