## **MISD Welcomes Assistant Principal Jennifer Williamson**

Montgomery ISD is proud to welcome Jennifer Williamson in her new role as assistant principal at Madeley Ranch Elementary for the 2018-2019 school year. Mrs. Williamson is a Montgomery ISD graduate and loves being a BEAR! She received her Bachelor of Science in Education from Texas A&M, and her Masters of Library Science from Sam Houston State University. Recently, Mrs. Williamson completed her Principal's Certification from Region 4.

Mrs. Williamson's career in education began 21 years ago, where she taught second grade in Magnolia ISD before coming back home in 2002 to teach at Montgomery Elementary School. She transitioned into the role of librarian in 2006, when she opened the Lone Star Elementary School library. In 2009, Mrs. Williamson was honored to open the Madeley Ranch library and proud to serve the students in the neighborhood where she grew up. Mrs. Williamson took over the dual role as Dean of Students and Library Manager at Madeley Ranch in February and is excited to continue this role.

Mrs. Williamson shared, "I am beyond excited to be afforded the opportunity to continue serving the students, teachers and families at Madeley Ranch. I cannot think of a better place to begin the next chapter of my journey at home, on The Ranch, surrounded by my school family. I am honored to be able to continue cultivating relationships that have been formed over the past several years, watching students grow and supporting our parents and staff."
